Summit

Our largest and most popular model, this Teardrop will follow your overland rig with ease. The Summit has enough room to take your young family, grandchildren or large dogs on memorable adventures. The Summit features a full cabin with bunk beds that convert into a sofa while still providing a full Queen size bed for you and another guest. Also includes plenty of storage and a large galley to cook for a crowd

Mount Massive

Larger teardrop cabin, yet still fitting in the most home garages. Small enough to get you into that National Park campground and tough enough to get you off road. At 1450 lbs., you can pull your Mt. Massive with many smaller vehicles.
