This rugged off-road trailer will get you off the beaten path in comfort. Based on our Queen size platform, same strong aluminum welded frame but with a full skid plate, heavy duty torsion axle to support off-road BF Goodrich All-Terrain T/A K02 15" tires.

With the optional Solar Power Package, you're off grid and off road. You'll run out of water before you run out "juice" unless you camp close to water, then you'll run out of food, unless you you hunt or fish; then you're set to stay out as long and as far away as you'd like!
